A STITCHER TO SUIT YOUR NEEDS
Serving Industry Since 1890
Asset Rating 1 Million+

OUR CAPABILITIES:
For over 100 years reliable, cost effective Wire Stitchers and Bag Closing Machines produced by New Jersey Wire Stitching Machine Co. have entered service in a wide variety of applications for many industries. Today, New Jersey Wire designs and builds over 250 types of power driven Wire Stitchers for Metal, Fabrics, Plastics and Packaging for the following applications: Air Filter Frames, Bag Closing, Book Matches, Book Binding, Carding, Coil Forms, Display Assemblies, Electronics, Flags, Gloves, Handbags, Lampshades, Novelties, Radio Assemblies, Plastics, Solderless Connections, Television Assemblies, Terminals, Toys, and countless other uses. There is a New Jersey Wire Stitcher for you, to give you faster and stronger production, to improve the quality of your work, to cut costs, whatever fastening you do or may require, a New Jersey Wire Stitching Machine will do it with more speed, economy and strength. How do we know? We've been serving industry for over 100 years.

OUR MAJOR PRODUCTS & SERVICES:
• Bag Closing Machinery
• Bookbinding Machinery
• Wire Stitching Machinery

FACILITIES & SPECIAL CAPABILITIES:
The New Jersey Wire Stitching Machine Company is a designer and builder of a wide range of Wire Stitching and Bag Closing Machinery. We have a modern 17,000 square foot plant. This plant and our wide range of late model machine tools and excellent fabrication shop gives us one of the most complete facilities available. One of the most important assets that we offer is a dedicated and highly experienced staff that will work with you every step of the way. Their combined experience exceeds or rivals any other company in our industry, and is the key to our reputation for both excellence and highly cost efficient design solutions. In addition, we stand firmly behind every machine we build.

CORPORATE OFFICERS:
F.W. Storck, President • F.W. Storck Jr., Vice President • Mary S. Ryerson, Secretary

New London Engineering

Division of Bonntech International, Inc.

For more than 50 years, our conveyor systems have set standards for excellence in the conveyor industry.

- They're built tough...built to last.
 - When the rush is on, we deliver.
- Uptime-24™**
24-HOUR SHIPMENT
- Uptime 24™ conveyor systems can be shipped within 24 hours of ordering.
- Our conveyors can be built to precise specifications, to meet individual requirements.

Conveyors from New London Engineering

Plus a full line of Accessories and Auxiliary Equipment

Standard Conveyors

- Slider Bed Belt
- Hinged Steel Belt
- Chip Conveyors
- Floor-to-Floor Inclined Bed
- Portable Slider Bed
- Parts Conveyors
- Roller Bed Belt
- Chain Driven Live Roller
- Accumulator
- Belt-Driven Live Roller

- Tabletop Chain®
- Wire Mesh Belt
- Slat Conveyors
- Trough Belt

Special Purpose Conveyors

- Steel Trak™ Belt
- Flexowall® Belt
- Turntables
- Tabletop Chain®
- Power Turns
- Stainless Steel Conveyors

Technical Service

Since 1973 Newco has provided equipment, accessories, service and systems to the nondestructive testing (NDT). Our extensive inventories, close relationships with our U.S. and International manufacturers and technical expertise provide our customers with a depth of services rarely found in our industry.

Equipment Supplies Service Systems Accessories

Imaging Products Group (IPG) distributes state-of-the-art imaging products throughout North America.

• Borescopes • Fiberscopes • Video Scopes
• Video Microscopes • Imaging Software • Video Printers
• Custom Systems

SEE OUR CATALOG IN THE THOMAS REGISTER
• IN PRINT • ON CD-ROM • ON THE INTERNET

Advanced Testing Technology (ATT) provides contract NDT testing services and NDT training throughout the Southeast. ATT specializes in real-time x-ray inspection.

• Contract Testing • NDT Training

Charting Your Course

To High Data Rate, Wireless Communications

NewComm RF brings decades of RF expertise right to your door with outstanding, cost-effective designs and development of high-data rate communication systems. Our wireless solutions come to you at the lowest possible cost and in the shortest amount of time.

We know that you don't always have the facilities, expertise, or time to design an RF solution, but we do at NewComm RF.

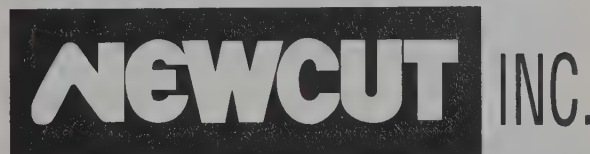

- INTERNET CONNECTIVITY • RF WIRELESS
- CABLE MODEMS • LAN SYSTEMS • LMDS
- COMPLETE TESTING LAB

You're starting your next design project or your next research program. Make sure that you have the Newport catalogs on your desk, the Newport Online Store bookmarked in your browser, and the number of a Newport sales and technical specialist in your contact list.

- Custom Precision Optics
- Tunable Diode Lasers
- NewDamp™ Elastomer Isolators
- Miniature Motorized Stages
- High-Power Laser Diode Controllers
- Active Isolation Workstations
- High-Speed Detectors
- Fiberoptic Test Instruments
- Low-Cost DSP Motion Controllers
- Compact Low-Cost Gimbal Mounts
- Cleanroom Compatible Laboratory Tables
- Thousands More Precision Products for the Engineer and Scientist

nippert

Copper Is Our Business... Our ONLY Business

Copper & Copper Alloy Products

As a proven producer of a complete line of finished edge flat wire, strip, rectangular and shaped copper and copper alloys, Nippert offers the flexibility to make production adjustments quickly whenever customer specifications change. And in cold-forming, Nippert has developed a variety of innovative techniques and processes.

In 1984, Nippert installed the most advanced oxygen free copper rod and wire mill in the world. Some of our products are:

- Rod
- Wire (Round/Rectangular)
- Custom Shapes
- Commutator Bar/Rotor Bar
- Cold-Formed Copper Products
- Welding Cap Electrodes & Adapters
- Contact Tips (MIG/MAG)
- Copper Plating Anodes
- Semi-Conductor Heat Sinks

▲ SEE OUR CATALOG ▲ IN CATALOG FILE SECTION

Offers a full line of gas-assist
molding equipment including controllers,
valves, in-mold pins and nitrogen generators.

NITROJECTION™ ADVANTAGES

- Elimination of sink marks
- Elimination of molded in stress
- Increased surface quality
- Increased dimensional stability
- Increased stiffness to weight ratio
- Increased design freedoms
- Reduced cycle time
- Reduced material cost
- Reduced clamp tonnage
- Reduced tooling cost
- Reduced total product cost

NitroJection™ is a revolutionary low-pressure, nitrogen assisted molding process. It can be easily adapted to any existing injection molding or structural foam machine. Your molding machine can now produce stress-free parts that weigh less, with faster cycle time.

Nitrojection provides real solutions for overcoming the process restrictions of conventional injection and structural foam molding.

NNI

Non-Cryo Nitrogen International
A division of Whatman Inc.

NNI has been designing and manufacturing PSA Nitrogen Gas Generating Systems for the on-site production of high purity nitrogen gas for fifteen years. N₂ flowrates of from 200 to 60,000 SCFH and purities of up to 99.9% are available. A Catalyst De-Oxo Module can be added to address applications requiring N₂ purities of up to 99.9995%.

A comprehensive line of Membrane Nitrogen Gas Generating Systems are also available from NNI

Large Selection of Vacuum Fluorescent Displays:

- Dot Matrix Modules
- Graphics Modules
- Standard Glass Displays including 7 / 14 segment
- New VFD drop-in replacements for LCD modules
- Custom Modules and glass displays available

Printed Thick Film Substrate with resistors:

- Custom designed to customer specifications
- Multi-layer and double side construction available
- Plated Thruhole and Fine line printing
- Conductors: AG, Pd-Ag, Pt-Ag, Cu, Au
- Custom Fabricated Ceramics

The Noritake Company began business in 1904 and invented
vacuum fluorescent display technology in 1967. Noritake is a
leader in VFD technology and has a strong U.S. staff of trained
engineers to help you with your display applications. In addition,
our Representative organizations are conveniently located to
quickly serve you. (V.P.) A. Smith (G.M.) M. Murata

THE MOST VERSATILE LATCH/RECEIVER SYSTEM - USED THROUGHOUT THE WORLD FOR AEROSPACE, ELECTRONICS, MILITARY OEM AND CONSUMER APPLICATIONS
Join Panels: Doors: Windows: Exhibits: Cases: Furniture: Structures: Sealed: Ganged: Remotely Operated

Type 1
Encased Latches & Receivers

Type 2

Type 3

Numerous NonEncased Receivers

Very Shallow Receivers

Handles, Keys & Wrenches

Cover Buttons & Plates

Type 1 Latch surface mounted.
Self Aligning "Jiffy" Walls

Type 2 Latch & shallow Receivers
for butt, T & corner joints

Type 3 Latch & Receiver, Flange-to-Flange, key clears 3/4" frame

Type 2 Latch whandle & Receiver mortised in door application

Type 1 Latch & "J" Receiver - Case Lock, tamperproof/inside or outside mount

Type 2 Latch & Slot Receiver for metal hoods & framework

NORTON ABRASIVES:

*Your Single Source for Abrasive Products
and Application Engineering.*

Whether it's an application that demands keeping production costs to a minimum, maintaining the highest possible performance or holding some level in between, Norton abrasives can handle the job.

Three price/performance levels are available to meet your needs for most abrasive applications. All Norton abrasive products are backed with unmatched technical application engineering and service support.

- *Vitrified Grinding Wheels*
- *Sharpening Stones*
- *Organic Grinding and Cut-off Wheels*
- *Diamond Wheels*
- *Dressing Tools*
- *Coated Abrasives*
- *Bear-Tex® Surface Finishing Non-Woven Nylon Abrasives*

The World Leader in Synthetic Lubricants

**Choosing the best lubricant for a demanding application
starts with choosing the right lubricant company.**

For the best synthetic oils and greases, engineers around the world turn with confidence to Nye Lubricants, Inc. They find a company who listens, the first step to formulating any custom lubricant. They discover a company who knows their industry: automotive, aerospace, computers, electronics, telecommunications, exercise equipment, toys to name a few – and that creates a comfort level important for any successful partnership. They receive an uncommon level of service, built on a dedication to exacting quality standards, that bring them back again and again. Most importantly, they get the best and most economical lubricant for their applications – which is why we invite you to...

Protect The Threads Against Electrodeposited Primer & Paint & Weld
Spatter; & Precote® Chemical Sealants & Adhesives For Locking. True
Blue® Nylok® Self-Locking & Self-Sealing Fasteners)
(Ex.) (Brs. At California; Canada; Illinois; Michigan; New Jersey)
(Pres.) Max F. Dorflinger; (V.P., Admn.) Sharon K. Easton; (Prod. Eng.)
Mario Pollizzi; (V.P., Automotive Sales) Joseph R. Dudley; (V.P., Sls.)
Cecil J. Couch; (V.P., Fin.) Leon R. Drake

**NYLOK FASTENER TECHNOLOGY:
WORLD CLASS INNOVATIONS -
WORLDWIDE PRODUCT ACCEPTANCE.**

The "Originator" of NYLOK®
locking and sealing fasteners
with over fifty years of experi-
ence. One of many innovative
products from NYLOK is the
new NYCOTE® process. This
process protects threads from
weld spatter, electro-deposited
primers and paints and reduces
chatter during fastener
installation.

Look for the "Blue" nylon
locking elements...the mark
of quality and reliability world-

wide. There are those who
may claim to have similar
fasteners...but there is only
one "Original" – NYLOK®
For more information on all
the NYLOK products call:
810-786-0100, 1-800-791-7101
(U.S. & Canada) or Fax: 810-786-0598.

Turn to a Knob That Lasts... Turn to OEP.

We manufacture a wide range of durable thermoplastic knobs to satisfy virtually any industrial, consumer or commercial application. Our knobs are available in a wide range of materials and with both male and female threaded metal inserts. Choose from among our broad line of standard knobs, or let our experienced team of design professionals help you create the perfect knob for your application.

Many custom options are available including a broad array of colors, imprinting of company logos, laser engraving and other custom design services. OEP also has full in-house screw machine capabilities.

PROVIDING QUALITY PRODUCTS AND SERVICES WORLDWIDE

As the leading producer of metal based powders and specialty chemicals worldwide, OMG Americas is dedicated to supplying specialty materials to diverse and technically demanding markets.

Our products include:

Brass Powders
Bronze Powders
Converting Ingots to Powder
Copper Oxides
Copper Flakes
Copper Powders
Copper Shot
Custom Catalysts
High Purity Electrolytic
Iron Powder and Chips
Lead Powders
Manganese Powders
Copper Alloys
Iron Alloys
Nickel Alloys
Nickel Powders
Tin Powders

Oberg Industries

"Providing a Unique Blend of Manufacturing Solutions from ONE Source"

Precision is our business. Providing customers with manufacturing solutions based on the design and manufacture of the highest quality precision dies and components worldwide has been Oberg's mission since its founding in 1948. Oberg's highly trained toolmakers design and build compound and progressive dies with critical punch and die component tolerances, often within .00002 of an inch or less (.0005mm). Our die building capability is further complemented by our two world class, ISO 9002 certified stamping facilities in Pittsburgh, Pennsylvania and Phoenix, Arizona. Precision plastic injection molding, in-house plating and product assembly round out Oberg's extensive capabilities.

For complete information on the following, contact the indicated Oberg company:

Oberg Manufacturing Company

2500 Silverville Road, Freeport, PA 16229-0315 U.S.A.

Oden Corporation

Advanced Technology Liquid Filling Systems

Oden Corporation designs, manufactures and markets advanced technology liquid filling systems. Our customers are world-wide and work in varied industries, including food processing, pharmaceutical, personal care, petroleum, general industrial and chemical processing.

We offer a full range of PLC controlled volumetric and net weight liquid filling systems for:

- Free flowing liquids to extremely viscous products at volumes from microliters to gallons
- Benchtop and fully automatic in-line applications, also form/fill/seal and other specialized applications.
- Applications requiring precise accuracies, versatility, flexibility, fast set-up and quick/easy changeover.

Our commitment is to provide our customers with innovative technology, quality workmanship, guaranteed machine performance and prompt, dependable service.

Call us today to discuss your liquid filling needs.

HOSE LEAKS?

call Oetiker,TM ...we're all ears!

1-Ear Special Clamp
for very small
diameters, may be
used with an insert
to prevent nipping
delicate hose.

2-Ear Clamp for
medium pressure
industrial use as
on air or fluid
supply lines.

1-Ear Stepless*
Clamp seals
with a full 360
degree grip.
Patented

OETIKER EAR CLAMPS

These "Ear" Clamps may all be easily closed simply with a pair of pliers. A spring-like action built into the ear allows the clamp to "breathe" to accommodate expansion or contraction of the hose. Additionally, these clamps are tamper resistant. Adjustable, miniature and heavy-duty Stepless clamps are also available. For samples or further information, call us...we're all ears!

Welcome to Ohio Rack

Now in our third decade of service to industry, we are recognized as one of America's leading manufacturers of re-useable shipping and storage racks. The Ohio Rack facility, with its conveyORIZED flow path, state-of-the-art tooling and ultra-modern paint system, allows us to build our customer's racks with the best in quality workmanship at very competitive prices. Whether your order is for 500, 5,000 or 50,000 racks, we will meet our scheduled delivery commitment — on time — every time with the high quality standards our customers have come to expect.

Your One-Stop Source High Quality Electrical Transducers

Custom or Standard

When you design with electrical transducers, it pays to work with the leader in power measurement products. We offer benefits other manufacturers can't match. Benefits such as selecting from the largest, most diverse line of standard transducers available. Or, custom designed evaluation units delivered when you want. Or, a product quality guaranteed Five Year Warranty. And how about friendly, experienced applications assistance? We invite your inquiries.

OSI's new, modern facility is located in the heart of the midwest's manufacturing belt.

OSI founders pioneered the development of power measurement products beginning with the first compound semiconductor materials and devices in 1956. Our success and growth can be attributed to our belief in service to our customer. Our company policy is, and has always been, "Customer Satisfaction Guaranteed." (See our Catalog in Catalog Files)

PRECISION HUMIDITY SENSORS & INSTRUMENTS

■ RELATIVE HUMIDITY SENSORS	■ DEW POINT INSTRUMENTS
■ ABSOLUTE HUMIDITY SENSORS	■ DATA LOGGERS
■ %RH & TEMP TRANSMITTERS	■ CALIBRATION CHAMBERS

OHMIC offers a wide selection of *Relative Humidity, Dew Point & Absolute Humidity Sensors* for OEMs including, resistive, capacitive, & thermal conductivity. *%RH & Temperature Transmitters, Loggers and Multichannel Sensor Processors* for HVAC controls, industrial process, food & product transportation/storage & weather telemetry. *Dew Point* instruments for monitoring & controlling plastic manufacturing & compressed air systems.

BIOMEDICAL & ELECTRICAL SAFETY INSTRUMENTS

■ ULTRASOUND POWER METERS	■ HEART/PULSE CALIBRATORS
■ TRANSDUCER BEAM ANALYZERS	■ ELECTRICAL SAFETY METERS
■ DOPPLERS & SIMULATORS	■ CURRENT INTERRUPTERS

OHMIC's biomedical test instruments are used world-wide by health care facilities for *Testing* the power output of therapeutic & diagnostic ultrasound transducers. *Simulating* key parameters of Doppler imaging & blood flow instruments. *Analyzing* ultrasound beam patterns thermally, sonically & by Laser scanning. *Verifying* the safe electrical operation of medical equipment. *Protecting* patients with solid state current interrupters.

OLFA®

Best Made Cutting Tools in the World.™

Ever since we invented the snap-off blade in the 1950's, craftsmen have relied on more than 100 fine Olfa cutters, knives & blades. They choose the perfect handle shape and blade to work with materials including linoleum, rubber, shingles, carpet, cardboard and plastics.

We are proud that so many world-class Olfa cutters and knives have received global recognition including Germany's "GS" mark for excellence and Japan's "G" mark, bestowed only on products of the finest appearance, quality, safety and value.

If at any time you are dissatisfied with an Olfa Product, we will replace the knife body at no cost with a new product of comparable value.

PRECISE COMPONENTS

FROM CONCEPT...THROUGH DESIGN...TO THE COMPLETED PART

Custom Plastic Injection Molder

- CAD Assistance for Tool and Part Design
- Quality assurance, FAR, SPC
- Secondary Assembly Operations
- Value Analysis
- State-of-the-art Tool Room
- U.L. Recognized Shop, Temperature Controlled Environment
- Injection Molding Machines — 1 to 20 oz.
- ISO 9002 Certified

Nylon & Polypropylene Fittings...

- Standard Pipe, Hose and Tube Fitting
- Manufacturer and Supplier
- Custom Tooling and Materials Available for Your Special Fitting Needs

See our Catalog in the Catalog File Section to Receive our Literature-by-Fax.

Who We Are...

We're More Than Just TemperatureSM

Look for our colorful magazine ads and postcards in trade publications serving your industry.

- ✔ Product Offerings Comprising More Than 80,000 Measurement and Control Devices for a Multitude of Applications
- ✔ Manufacturing to the Highest Level of Quality and Precision
- ✔ Free Instrument Loaner Program to Keep You Up and Running

Quality Design and Manufacturing

We service the world over with quality devices manufactured at our American, Canadian, and European facilities.

- ✔ Millions of Miles of Thermocouple Wire Each Year
- ✔ Huge Selection of Thermocouple Connector, Panel and Switch Systems
- ✔ Measurement and Control Instrumentation, Including Panel Meters and Infrared Devices

Service Beyond the HandbookSM

Let us make it for you! Our Custom Design and Engineering personnel can meet your needs, no matter how large or small.

- ✔ Modifications to OMEGA's Standard Devices
- ✔ Custom Design and Manufacturing to Your Exact Specifications
- ✔ System Solutions — Let Us Assemble an Entire System, from Sensors Through Data Acquisition and Analysis

OMEGA Pultrusions, Incorporated

Since 1969

Quality, Sense of Urgency, Communication and Cooperation are the Cornerstones of our Business

OMEGA Pultrusions Incorporated is the leading manufacturer of high volume, thin wall, complex shaped, pultruded lineals for the transportation, electrical equipment, home building, construction and consumer markets. OMEGA Pultrusions has and will continue to play a vital role in the growth of the composites industry.

Let our highly trained and knowledgeable team show you how pultrusions can enhance your success in today's marketplace. We have over 150 employees, as well as a network of manufacturing reps, who are ready to provide you with complete support during product design, development and manufacture.

Omni Nocolok® Rings

*Eliminates Flux Application and Clean Up
Perfect for Automated or Quick Assemblies*

Omni's LTB-718FCR NOCLOK® Flux-Cored Non-corrosive Braze Rings for atmosphere furnace, torch or induction brazing processes require no post-braze cleaning. Formed into rings of customer size specifications. Non-hygroscopic and non-corrosive. Flux-cored braze wire also available. *PATENT PENDING*

**Omni is the sole producer of
brazing paste made with
Nocolok® Flux.**

*Nocolok® is a registered trademark of Alcan International Limited. Omni Technologies Corporation is licensed by Alcan to use Nocolok® flux in brazing products.

- ✓ **Fewer Brazing Steps**
- ✓ **Less Labor**
- ✓ **Less Equipment**
- ✓ **Increased Profits**

*See Our Ads At: Alloys: Brazing;

▲ SEE OUR CATALOG ▲ IN CATALOG FILE SECTION

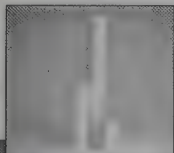

The world's finest disposable inline water filters & cartridges.

Under the sink and counter top applications.

Food Service industry equipment protection.

High volume taste and odor reduction.

Since 1970, Omnipure Filter Company has designed, manufactured and distributed the premier point-of-use inline water filter in the world. It has been our primary goal to offer a superior product at a reasonable price, delivered on time as ordered to virtually any location in the world. Today, you will find Omnipure filters utilized in essentially any commercial or residential situation where better tasting, sediment-free water is important.

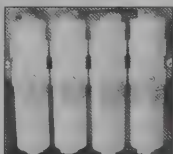

Contact us today for more information about the complete line of Omnipure products as well as custom media and custom design options.

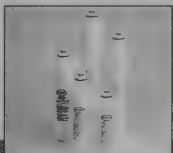

See our catalog & complete product line on the Thomas Register internet site.

Filters for icemakers, water fountains and coolers.

R.O. & purification system components.

Commercial beverage dispensing equipment uses.

FIBER OPTIC CABLES

Manufacturer of a complete line of tightbound fiber optic cables for:

- ♥ Data Communications
- ♥ Local Area Networks
- ♥ FDDI Interconnect
- ♥ Telecommunications
- ♥ Video
- ♥ Military Tactical
- ♥ CATV Composite
- ♥ Custom Designs

These tightbound Core-Locked™ fiber optic cables are suitable for both indoor *and* outdoor environments. This "installer friendly" tightbound fiber optic cable design provides the lowest installation cost in the industry.

WORLD LEADER IN OPTICAL THIN FILM SOLUTIONS

Why To Do Business With OCLI

OCLI is a global manufacturer of high performance optical products. We design, develop, and manufacture components and optical assemblies based on our core technologies of thin film coatings which control and enhance light by altering the transmission, reflection and absorption of its various wavelengths to achieve a desired effect, such as anti-reflection, anti-glare, electromagnetic shielding, electrical conductivity and abrasion resistance. Our innovations in thin film coatings and their application have contributed critical performance advantages to some of the world's most successful products, including:

- Optical filters that make displays clearer and brighter.
- Components that make faxes, copies and scans crisp.
- Solar products and precision optics at work in more than half the satellites in orbit.
- Components that make the Global Positioning System work.
- Pigments that protect currencies and passports from counterfeiting.
- Instrumentation products that play an important role in scientific, medical and laser scanning technologies.

Solar

Office Automation

Instrumentation

Specialty

Security

Defense

Some of the products we produce include:

- Coatings: anti-reflection, transparent conductive, infrared, laser rejection, image enhancement.
- Filters: Ultra narrow to wide bandpass and band rejection filters and assemblies; long and short wave length pass; circular and linear variable, laser protection, UV; dichroic color, color correction, color separation; anti-magnetic, anti-glare, privacy; beam splitters/beam combiners and optical assemblies.
- Mirrors: lamp mirrors, front surface mirrors, hot and cold mirrors.
- Precision polymer optic lenses, components, and assemblies.
- Solar reflectors and solar cell covers
- Platen glass
- Photo receptor coatings
- Optically variable pigments

The Ultimate Power Source

OPTIMA's unique SPIRALCELL Technology® provides:

- Power to last 3 to 4 times longer.
- Higher power density than any automotive battery.
- Power that withstands heat, cold and vibration.
- Power that is truly zero maintenance.

If you want the most powerful and reliable power source under the sun the choice is simple. . . OPTIMA!

For more information call (800) 561-5244

Optima[®] EPS Leader in Electronic & Communications Packaging Systems

- Optima EPS designs and manufactures custom, modified and standard electronic enclosures for industry-leading OEMs worldwide. Applications include telecommunications, computers, military/aerospace, medical, instrumentation and industrial.

► Choose Optima for:

- Server Cabinets
- Vertical Cabinets in more than 10 design platforms with rugged, lightweight, extruded aluminum frames
- Heavy-duty, Seismic-hardened, Mil-spec, EMI/RFI Shielded and NEMA12/UL508 cabinet systems
- Multi-bay systems of Cabinets, Desks and Consoles
- EIA Standard 19" Instrument Cases and Optima Instrument
- Wide selection of power, cooling and hardware accessories
- Custom color matching, plus 11 standard colors
- 5 to 10 day "Quick-Ship" programs
- ISO-9001 certified and GSA qualified

- See our ad at "Enclosures: Electronic"
- See us in the Catalog File

(Mr. & Developers Of Extensive Line Of High-Rel Optical Radiation Measurement Systems & Related Accessories Including: Radiometers, Photometers, Spectroradiometers, Integrating Spheres, Lock-In Amplifiers, NIST Traceable Lamps & Calibration Standards, Detectors, Light Sources, Optical Filters, Monochromators, Power Supplies, UV/NIR Environmental Monitors, NVIS Display Measurement Systems (To MIL-L-85762A) & Total Luminous Flux Measurement Systems. Applications: Source Calibration, Environmental Monitoring, Material Properties, Detector Response & Process Monitoring, Lamp Characteristics In R & D/Production Or QA Environments. UV To IR Optical Calibration & Photonics Consulting Services)

(Gooch & Housego Ltd., England)

(Ex.) (V.P.) W.A. Schneider; (VP. Science & Technology) Richard Young; (Mgr., Mktg.) T.M. McCabe; (Applications Engg.) Christopher Rapp; (Pres.) Steve Denomme

▲ SEE OUR CATALOG IN CATALOG FILE SECTION

Manufacturers and Developers of Leading Edge Laboratory & Industrial Optical Radiation & Photometric Measurement Systems and Accessories

Choose from a wide range of systems to measure:

- Lamps, LEDs and Light Sources
- Solar Spectral Irradiance
- NVIS Measurement per MIL-L-85762A
- Detector Responses
- Transmission & Reflectance of Materials
- Luminous Intensity
- Colors and Color Differences
- Custom Applications & Consultation

OVERLY DOOR COMPANY

Since 1888 Overly Door Company has been in the forefront of designing, testing and manufacturing Sound-Retardant Blast- and Pressure-Resistant, and Security Door and Window Products for virtually every type of industrial, commercial and governmental applications.

OVERVIEW

- **SOUND-RETARDANT DOOR/WINDOW SYSTEMS**
Used where noise control and/or voice privacy is required.
- **BLAST- AND PRESSURE-RESISTANT DOOR/WINDOW SYSTEMS**
Protects against the problems and dangers created by accidental or planned explosion or pressure leaks.
- **SECURITY PRODUCTS**
Protects against gun-fire, burglary, and/or attack threats
 - Bullet Resistant Doors
 - Gun ports
 - Vault Partitions and Doors
 - Voice Apertures
 - Deal Trays
 - Sliding Doors
 - Service and Vision Windows

Overly also manufactures a broad range of custom designed lockers and shielding doors and windows.

How To Use All Three Thomas Register Sections To Solve Your Specifying & Buying Needs Quickly.

Specifying/Buying Situation	The Thomas Register Sections to use... and the sequence in which to use them		
1. When you need a new and better source for a product or service you currently use and . . .	Company Profiles (coded in yellow)	Catalog File (coded in blue)	Products & Services (coded in red)
• alternate sources are not known	3rd	2nd	1st
• alternate sources are known	2nd	1st	
• an alternate source has been recommended by an associate	1st	2nd	
2. When you need a product or service you've never purchased before and . . .	Company Profiles (coded in yellow)	Catalog File (coded in blue)	Products & Services (coded in red)
• potential sources are not known	3rd	2nd	1st
• potential sources are known	2nd	1st	
• a potential source has been recommended by an associate	2nd	1st	
3. When you have a specific application or need and are looking for the best product or service to meet that need and . . .	Company Profiles (coded in yellow)	Catalog File (coded in blue)	Products & Services (coded in red)
• potential sources are not known	3rd	2nd	1st
• alternate sources are known	1st	2nd	
• are exploring many possible alternatives	3rd	1st	1st
4. When you want to consider buying other products or services from a current supplier . . .	Company Profiles (coded in yellow)	Catalog File (coded in blue)	Products & Services (coded in red)
• to learn if your current supplier offers it	1st	2nd	
• to get specs and performance data on the products and services offered		1st	
• to get information on other divisions, local offices, distributors, plants, warehouses, etc.	1st		
5. When you want to "check-out" a company you've learned about from another source...	Company Profiles (coded in yellow)	Catalog File (coded in blue)	Products & Services (coded in red)
• after being called on by their sales rep	1st	2nd	
• after hearing about them from an associate	1st	2nd	
• after reading about them in an ad, news article, mailer, etc.	1st	2nd

HEIGHT-RIGHT™ WORKBENCH
WITH FLEXWORKS® ACCESSORY SYSTEM

TECHNICAL WORKBENCHES

MOBILE WORKBENCHES

*Get a workbench that
exactly suits your needs,
before you get in too deep.*

- No matter what your industry or application, Lista workbenches make you more productive.
- Organize your workspace with a wide array of available accessories, above and below the worksurface, and custom drawer compartments.
- Our modular approach lets you get a custom bench without the custom cost.
- Our workbenches provide maximum flexibility, durability and value.
- Call **1-800-722-3020** and ask for a catalog, or visit our website at **www.listaintl.com** and breathe easy.
